COMMENTS:

We deeply apologize for the delay of this production due to RL stuff and many other things. This release has been brought to you guys by our benefactor, Andrew. Some time ago he asked if we could do some chapters of Gou-dere on his behalf and we agreed. Unfortunately, delays doomed the initial release of February due to RL stuff, and the translator being over-run by too many projects. Please understand that most of the staff are not being paid, only the translation work was contracted in this release. We may get delayed in our releases, but we do our best to deliver, and we never intend to swindle anybody, it's just that all of us have our own lives to live out as well. Thank you for waiting, hopefully the next chapter will be out much sooner. Till next release!!
